ENTREPRENEUR
SUMMIT

LIVE VIRTUAL EVENT

**THURS, DEC 3RD -
FRI, DEC 4TH 2020**

Get ready for the Digital Decade
with the world's largest Entrepreneur
Education Group.

Dear Entrepreneur,

Are you ready for the extraordinary times ahead? We have not experienced global disruptions of the severity we are witnessing today since World War 2.

Governments have closed borders. Entire industries have been shut down. Entire populations are being confined to their homes.

Stock markets have crashed and the beginning of the inevitable recession that will follow can already be felt. Like the image of the tourists standing on the beach as the 2004 Asian tsunami rolled in, many of us are either too shocked or mesmerized to move. For too many, it's too difficult to perceive the enormous size of the wave or the speed it is travelling at, and by the time they take action it will be too late.

That's why the time for action is now. While we're still on the beach and we can see the approaching challenges. Having lived through the crashes and collapses of the last fifty years, there are tried and tested strategies to weather the coming downturn and surf the coming wave.

There are also strategies very specific to 2021, which will help you create cash flow now for you and your company. Even if you have a high touch business. Even if you have no idea where to start. That's why we've created the Global Entrepreneur Summit.

Join us in this historic moment where what we do in the coming weeks will determine not just the coming months, but the coming decade. Every crisis is either an excuse for mediocrity or an opportunity for excellence. This is our time to shine.

Keep shining

THE FOUNDATION PRISM

Infared Level: The Victim

Infra-red falls deeper in debt month after month. The steps that move you up are not as simple as cutting up your credit cards. Infra-red comes from separation, and the steps that connect you back to flow will surprise and excite you.

Red Level: The Survivor

Red makes just enough money to have nothing. You may even have a successful business, but if you are just surviving personally, you may be at Red level. The steps to move out are not about following your passion – but a value that points in another direction.

Orange Level: The Worker

Orange is someone who works for a living. You entrust others to know how to monetize your time but if market conditions change, you are in danger of losing your job. Understanding how to package, price and promote will empower you for life.

THE ENTERPRISE PRISM

Yellow Level: The Player

Yellow is empowered to forge your own journey. You know how to create value, leverage it and make money in your niche. The next step up is to master not how you make money, but how you help others make money. The tools you need are the opposite...

Green Level: The Performer

Green enables enterprises: The skills and mastery to lead a team profitably is entirely different from self-employment, but the rewards are exponential regardless of whether you own investments or enterprises. The catch is, you still need to be part of the team.

Blue Level: The Conductor

Blue frees you entirely from having your hands full. Blue level has multiple investments and have mastered both cash and capital. When you have become a successful performer in wealth, the skills to turn from facing the audience to facing your performers is not as easy as it sounds.

THE ALCHEMY PRISM

Indigo Level: The Trustee

Indigo is the playground of the billionaire. When you have mastered the enterprise prism, trust becomes your greatest asset and one that you can monetize in magical ways. Understand this level, and you will see the world's wealthy through a new lens.

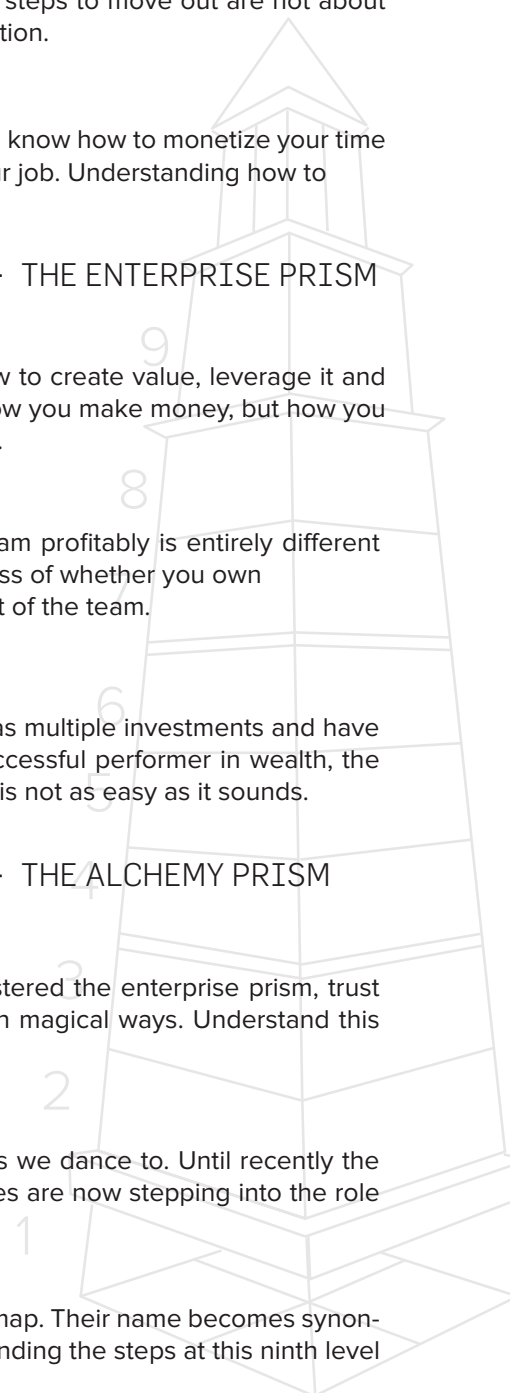

Violet Level: The Composer

Violet prints our currencies, sets our taxes and scripts the tunes we dance to. Until recently the domain of nations, more entrepreneurs, leaders and communities are now stepping into the role of composer and rewriting the rules.

Ultraviolet Level: The Legend

Those at ultraviolet are the symbols to live by, like legends on a map. Their name becomes synonymous with their composition, and are left as a legacy. Understanding the steps at this ninth level gives us a context to navigate effectively.

WHAT IS YOUR IKIGAI AND WHY IT'S THE KEY TO YOUR SUCCESS

生き甲斐 ikigai

ikigai is the Japanese concept of “**a reason for being.**” Everyone has an ikigai. To find it requires a journey of self discovery. But the search is worth it.

Your ikigai is the meaning to your life.

In a world full of mass media and machine thinking, how can you find the right personalized path for you and your team? At the heart of Society 5.0 is the Japanese concept of IKIGAI. Your Ikigai is your ‘reason for being’. It’s unique to you, and you will discover it at the Global Entrepreneur Summit.

Your Ikigai is the combination of what you love (Your passions), what the world needs (Your purpose), what you’re good at (Your talents) and what you get paid for (Your business model). Before the event you will be given links to the Passion Test, Purpose Test, Wealth Dynamics Test and Impact Test. These will give you clarity on your personal Ikigai.

When you know your Ikigai and the Ikigai of your team, partners, friends and family, you have a key to unlock your personal path to success in the decade ahead. This self awareness, together with the self mastery that comes from riding the Top 10 waves and self expression that comes from using the Top 10 tools, will make the event an unforgettable experience for you and those you invite to join you.
